CAUTION: This 1.75" lug track is recommended for off-trail use. Use of this 1.75" lug track in hard packed snow or on-trail may cause increased slide runner wear and track lug damage. Installation of the 1.75" lug track will require removal of the front heat exchanger protectors and tunnel protectors. This installation should be performed by an authorized Yamaha dealer or a qualified mechanic. Please note: that use of this track does not require any change to stock clutching, gearing or drive sprockets. Instructions are included with each track.<br><b>09 FX Nytro XTX</b> |
